

Newsletter Number 3

Posted: 2006/08/01

The focus of Network activity since our June Newsletter has been the creation of a Website. The Home Page design is now complete. We invite you to view a mock up at

<http://www.palominosys.com/CBERN/index.html>

Visiting our Home Page will give you a visual summary of the goals and objectives of the website and the Network. We expect the website to be up and running by the middle of September.

Your Role:

Our goal is to provide a comprehensive source of information about people, organizations, firms and research centres with an active interest in business ethics and business ethics research.

To accomplish this goal, we need your assistance.

We invite you to provide information about yourself and the organization or firm or research centre with which you are affiliated for the website. We are particularly interested in: contact information; a short description of the nature of your interest in business ethics and your website URL that we can include with your contact information. This will allow visitors to our website to obtain more information about you and the organization(s) with which you are actively affiliated. For example, if you are a member of EPAC we will link your short bio on our website to your EPAC entry. Or if you have a personal website, we will link your bio to your personal website.

We are also interested in articles, reports, books and other publications that you or the organization with which you are affiliated has authored or published.

Finally, we intend to include information on the website about learning and research tools like case studies, bibliographies, ethics codes, ethics programs and related materials.

To assist us, please complete the form below and email it to "**Andreas Kalogiannides**" andy2_temp@hotmail.com who is a research assistant on this project with a copy to "Mary Amati" mamati@schulich.yorku.ca who is my assistant and providing secretarial support for this project.
