INTRODUCTION

The character and meaning of this popular song refers to either **Son or Daughter** who fortunately possess a mother often overlook the fact that

Only once you have a Mother.

Respect and consideration are often temporarily forgotten.

In this song the writer implores Sons and Daughters to show **Respect,** avoiding **Strife and Worry.**

Years are numbered and when "Adieu" is said thoughts often turn to "what might have been done"!

So—

Always respect a Mother.

Displace words—

Boys' for Girls'
Making song for Daughter.
