The playwright ROBERT GURIK, was born in France in 1932. He came to Canada in 1952 to study at the Polytechnical Institute of Montreal from where he graduated with a degree in engineering. He then went on to become one of Quebec's most prominant contemporary playwrights. Gurik's first play, API, was first performed in 1966. In 1968 he took a stand in favour of Quebec independence; this stance has been reflected in Gurik's plays, including his most recent one, THE TRIAL OF JEAN-BAPTISTE M. Mr. Gurik has also been the president of the Centre d'Essai des Auteurs Dramatiques, which submits plays for criticism at public hearings.

THE TRIAL OF JEAN-BAPTISTE M. was first produced by Montreal's Théâtre Du Nouveau Monde in 1972. The English version of the play premiered under the title of THE TRIAL OF MR. WHAT'S HIS NAME at Regina's Globe Theatre in February 1974. The french version of the play was translated by Allan Van Meer.
