

BE AWARE:

As female students at Glendon College we think that this play, "Women Beware Women" portrays sexual violence against women as justifiable:

- it blames the victims,
- it reinforces stereotypes of women as conniving, vain and frivolous,
- it suggests that women gain sexual liberation and self-revelation through rape.

**RAPE IS *NOT* A
VOYAGE TO
SELF-DISCOVERY**

**RAPE IS A
VIOLENT CRIME**

One in every four women has been raped.
Think of the women sitting around you.
