AcTinSite Storyboard: No Disclosure During Placement

June 11, 2021

Summary

An activity used during the design charrette used visual stories. AcTinSite made three storyboards using <http://storyboardthat.com>. The stories arose from interviews AcTinSite completed over December 2020 and January 2021. Disabled students input guides the development of the stories. This story focuses on a student's experience if they do not disclose their accommodations needs.
