"MUSIC HATH CHARMS"

'Twill wile away the weary hours, bid dull care begone, and will soothe the troubled mind out of all remembrance of the petty ills which fret and chafe us in our daily rounds.

And Soap, too, Hath Charms. Good Soap, an Unequaled Soap,

.. Comfort Soap ..

Lessens the cares and worries of the household because it does its work quickly and thoroughly. The duties of every-day life are made light and easy wherever it is used.

It wages its war on dirt by **fair** means only, no harmful adulterations are used in its manufacture, nothing which can injure the finest fabrics or the most delicate hands. It is made from the purest and freshest grease only, and has in it the smallest percentage of water so that it does not soak or waste away quickly.

It is cheap to buy in the first place and doubly cheap when you realize that it lasts longer and yet does far more work than other soaps.

That is the point. It does the work—you don't have to rub and scrub with it, completely wearing yourself out.

There is only one **Comfort Soap**. Let it save your time and strength for you. The step from the sublime to the practical—from **Music** to **Soap** is easily bridged. For 15 Comfort Soap Wrappers we will send you any one of the following pieces of popular, high-class music :
