Simply a FASHIONANDPROPSMUSICALDRAMA.

Confusion is a perfect example of how mass hysteria can somehow be an effective way of producing organized and meaningful creativity. The enthusiasm, energy and self-expression which stemmed from each crew member, dancer, actor, and the writer/choreographer Suny Behar. This effort has been one of dedication and special opportunity, something to be shared and experienced by its audience.--Fleur Leslie

The complexity of todays world and its rapid rate of growth often makes us forget the basics, and the fundamentals of life. Confusion seems to be the common denominator to all our surroundings. Confusing people, in confusing places, faced with confusing circumstances.

CONFUSION, using Fashion clothing as its power tool, deals with apparently common themes, in a non-conventional way. For there is a dark side to everything, a side that is not usually shown or discussed, but that is definitely present in our lives. Confusion was designed to SHOCK, not to offend, it was written for the open mind and the body in motion, it was written for you.--Suny Behar
