Moderato

Turn all of life's troubles into
Look about and find the silver

bubbles, Just forget each worry and each trial,
lining, Maybe there's a blue bird nest ing near,

Put all sorrows off until tomorrow
Stop your grumbling better times are coming
row, You'll find it worth while to wear a smile.
ing, Just put off each tear until next year.

CHORUS

Look on the bright side when things go wrong,

Look on the bright side and sing a song, Here's a good plan

to use when you have the blues, Just put yourself in the
other fellows shoes,
Look on the bright side you'll find it best,
Who knows but some day you may feather your nest,
If you're seeking gladness I will show you how
Look on the bright side now.
