1. I know a certain fellow by the name of Andy Gooch
   Who started seein'
   funny things from drinkin', too much hooch
   A-round his bed pink elephants and
   zebras played about;
   A purple monkey kissed him twice and he began to shout:

2. A man lived out in Kansas in a cottage by the sea
   One night he called the
   sheriff up and said "They're rob-bing me
   There's twenty crooks a-round the house, please
   tell me what to do;"
   The sheriff said "Don't let them in, that's my advice to you;"

Shut the door, they're comin' thru the window
Shut the window, they're comin' thru the door

Shut the door, they're comin' thru the window
Oh! the room is full and won't hold any more,

John Newlywed was waiting for the stork to bring an heir
Out came the nurse and said Two storks have just brought you a pair
Oh! there's more storks a-circling 'round, I think they're gonna light
There's gonna be a hot time for the poor old storks tonight

My wife went in for rabbits and she kept them in a hutch
She only bought two rabbits and it didn't seem like much
One morning when we looked at them how they had multiplied
A million rabbits jumped right out and all the neighbors cried

The first week we were married my dear wifie said to me
"I'm feeling oh! so lonesome for my darling family
Why not invite them for a while, we've lots of room to spare?"
They eat me out of house and home, they're getting in my hair
