THE PROLOGUE

Some very choice bits of musical news.

Rock-a-bye Land in the title of the latest song of H. C. Weasner of this city, who has written both words and music of this composition. Mr. Weasner has a happy faculty of creating a combination of text and melody which makes strong appeal to the public, and this newest song of his will probably prove as popular as his earlier successful one, When Mother Sang Hush-a-bye, O. An attractive title page graces Rock-a-bye Land.

The Harmony quartette, under "M. P."
