From the Balaban and Katz "Wonder" Theatres.

In Bluebird Land

by ALBERT E. SHORT
Musical Director Riviera Theatre.

Nothing has happened in Songland in the past twentyfive years that has made the impression upon the Public's mind as has this new song, "IN BLUEBIRD LAND." Produced as a big spectacular number in Balaban and Katz "Wonder" Theatres, it created an immediate sensation in Songtown—and looks like the biggest selling home ballad in many, many years. "IN BLUEBIRD LAND," just as the name implies, means happiness, and the more you hear it, the more you'll like it. There's a human touch in the lyric, and the melody! It's just beautifully haunting and has indeed a most soothing effect on the troubled waters of this busy old world. There's nothing like a beautiful song to help us to forget, and yet, there's a song we can never forget! "IN BLUEBIRD LAND" is just such a song, and you and your friends will enjoy every "tuneie weenie" bit of it. Ask your favorite orchestra to play it, or your favorite singer to sing it at every opportunity, and in that way help us spread happiness. There's plenty for us all, if we'll just take the trouble to look for it, and remember, there's always an endless supply "IN BLUEBIRD LAND."

I'd Love To Build A Love Nest For You

Lyric by
W. R. WILLIAMS
Chorus

IN BLUEBIRD LAND
Music by ALBERT E. SHORT

"I'd Love to Build a Love Nest For You" Words and Music by W. R. Williams,

If you are a lover of popular songs, you know W. R. Williams as well as we do, for while we call him "America's youngest song writer," he has been putting out hits for many years, and so should you have several of his songs, such as "When I Met You Last Night in Dreamland," "Girl But There's Class to a Girl Like You," "I'd Love to Live in Loveland With a Girl Like You," "When the Moon Plays Peek-a-boo" and his most recent hit, "Don't You Remember the Time?" When we say "youngst," we refer to the heart interest; he always has in his songs—it never grows old—and that, we believe, is just one of the reasons his songs are so popular. This new one—"I'D LOVE TO BUILD A LOVE NEST FOR YOU"—is no exception to his rule—and it's just another little incident of sweetness and swain, flirtation interestingly told to an exceptionally catchy melody. It's a little song, most anyone can sing and will enjoy from start to finish. It's written in the popular fox-trot time, and is just as good for dancing as for singing, so any time you are at a dance and up your request for the orchestra to play it. If they haven't it, tell them to send for it. If they haven't the Will Rossetter music, they are "out of luck" and you might tell 'em so. Don't forget to get your copy of these two songs from your favorite dealer, for they are both real songs and real hits, and if you add them to your collection you will have the very best in America, bar none.
