

E-books in the Sciences - Gauging Faculty and Graduate Students Needs

Rajiv Nariani

rajivn@yorku.ca

York University Libraries
Toronto, Canada

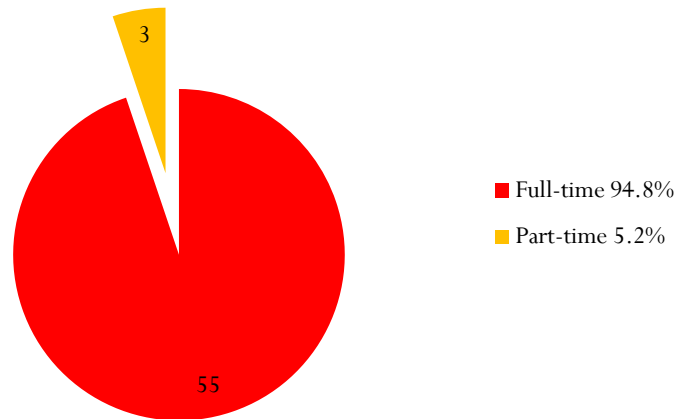

Money spent on E-books

- By YUL: **\$132,000** in 2008-09 fiscal year
- CARL Libraries: \$1,127 372 in 1999-00 to \$6,048 491 in 2006-07- a **436.5%** increase
- In 2007, CARL libraries acquired 2, 890 369 electronic monograph items
- Electronic monographs currently represent approximately 13% of total monograph titles held by CARL libraries, and that number is expected to continue to grow over the next several years

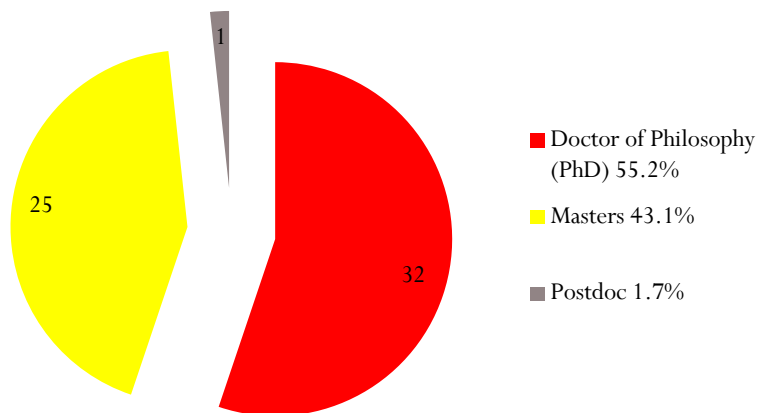

Today's discussion

- Reason for the survey
- Target audience
- Do they know about E-books? How?
- Which ones are they using?
- Preferred features
- Challenges & promoting E-books at YUL

Population Distribution: Science Graduate students & Faculty members

Graduate Students

Full-time faculty and years of
teaching experience

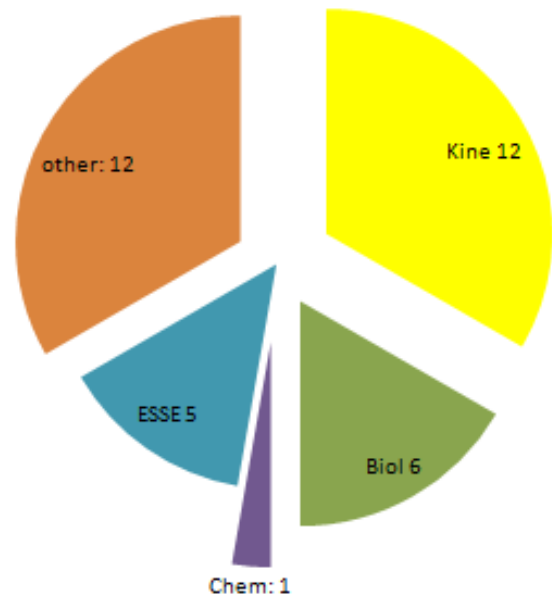

Affiliation / Program

- Kinesiology & Health Sciences
- Mathematics & Statistics
- Biology
- Chemistry
- ESSE
- Other (please specify)

Graduate Students

Faculty

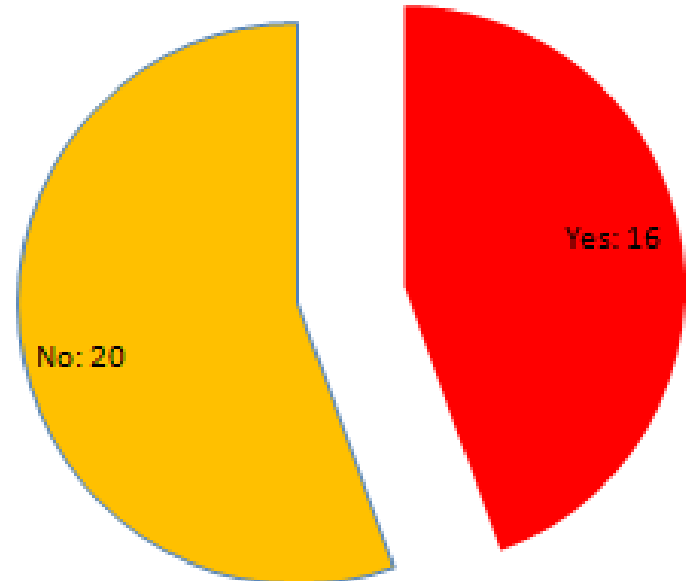

- Kinesiology & Health Sciences
- Mathematics & Statistics
- Biology
- Chemistry
- ESSE
- Other (please specify)

Do you use E-books?

Graduate Students

Faculty

Are you aware that the libraries subscribe to various E-books from different content providers and/or publishers?

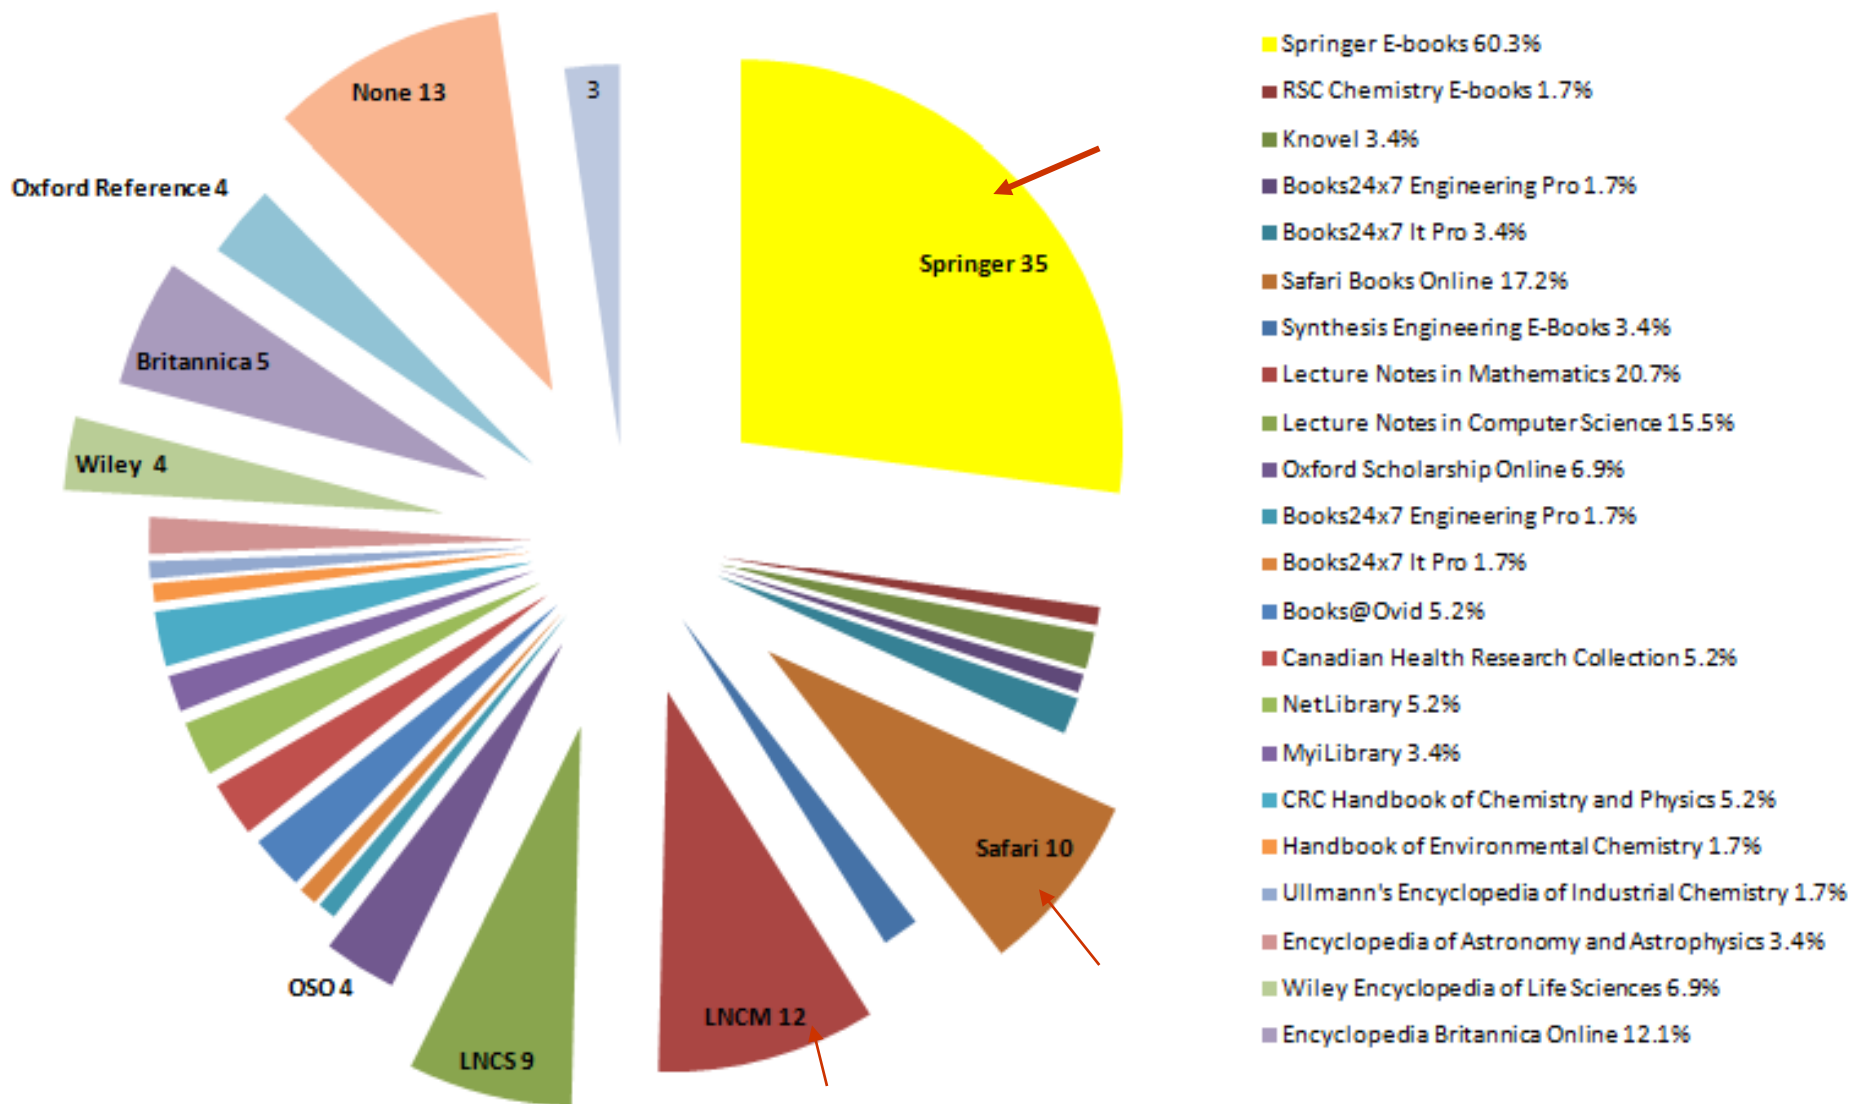

Graduate Students

Faculty

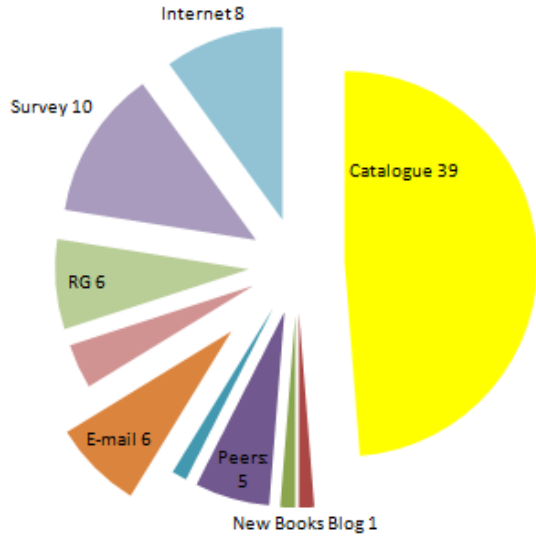

Graduate Students: Which of these E-books have you used?

Faculty: Which of these E-books have you used?

How do you find and access E-books?

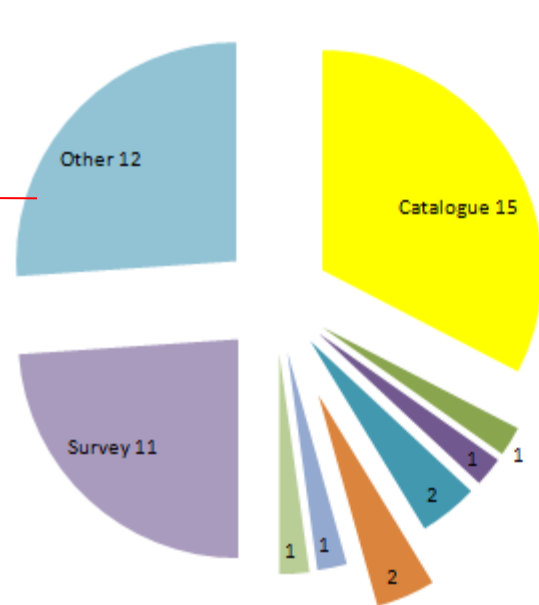

- Library Catalogue 67.2%
- New books blog 1.7%
- New books title list 1.7%
- Peers 8.6%
- Library orientation 1.7%
- E-mail notification from the library 10.3%
- Posters and other promotional material 0.0%
- Library newsletter 5.2%
- Subject Research Guide 10.3%

Graduate Students

Faculty

Other

- Internet
- Access is a problem
- NIH Bookshelf
- Web or by accident
- Do not use e-books

- Library Catalogue 41.7%
- New books blog 0.0%
- New books title list 2.8%
- Peers 2.8%
- Library orientation 5.6%
- E-mail notification from the library 5.6%
- Posters and other promotional material 2.8%
- Library newsletter 0.0%
- Subject Research Guide 2.8%

[Health Sciences, Biology, Kinesiology, Nursing](#)

- **[Anatomy Study Guide \(through Primal Pictures\)](#)**

Primal Pictures provides a dynamic interactive multimedia overview of human anatomy from head to toe. It features three-dimensional animations that illustrate function, and biomechanics. It covers a detailed anatomy study guide and includes detailed notes and figures of the skeletal, muscular, cardiovascular, nervous, digestive, reproductive and endocrine system.

- **[Books@Ovid \(Health\)](#)**

Description: *Ovid* delivers key medical, nursing, sports science and pharmacy texts from a variety of publishers to clinicians' desktops through the *Books@Ovid* database. YUL provides access to 71 full text online handbooks, drug guides, nursing care plans, diagnostic tests, clinical procedures and more.

- **[Canadian Health Research Collection](#)**

This is a collection of monograph publications from Canadian research institutes, government agencies and university centres working in the area of health and medical research. The publications included are of a specialized clinical or technical nature.

- **[Cognet](#)**

An interdisciplinary online collection in cognitive and brain sciences includes 7 MIT Press e-journals, over 400 online books, the MIT Encyclopedia of Cognitive Sciences and other reference sources. Covers areas of cognitive science such as psychology, linguistics, computational intelligence, philosophy, and neuroscience. Browse books by *Title*, *Author* or *Topic* in [MITCogNet Library](#)

How long do you spend reading a book online

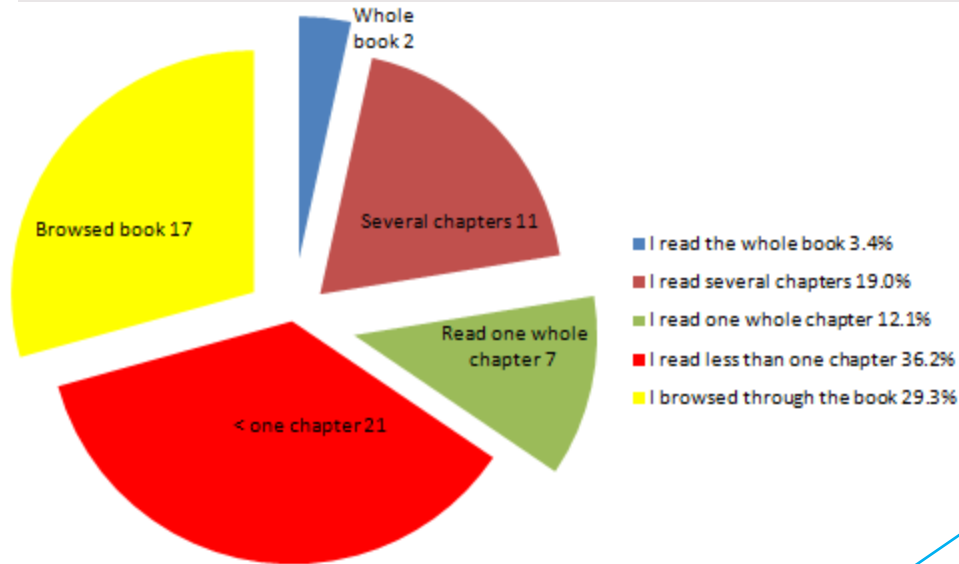

Graduate Students

Faculty

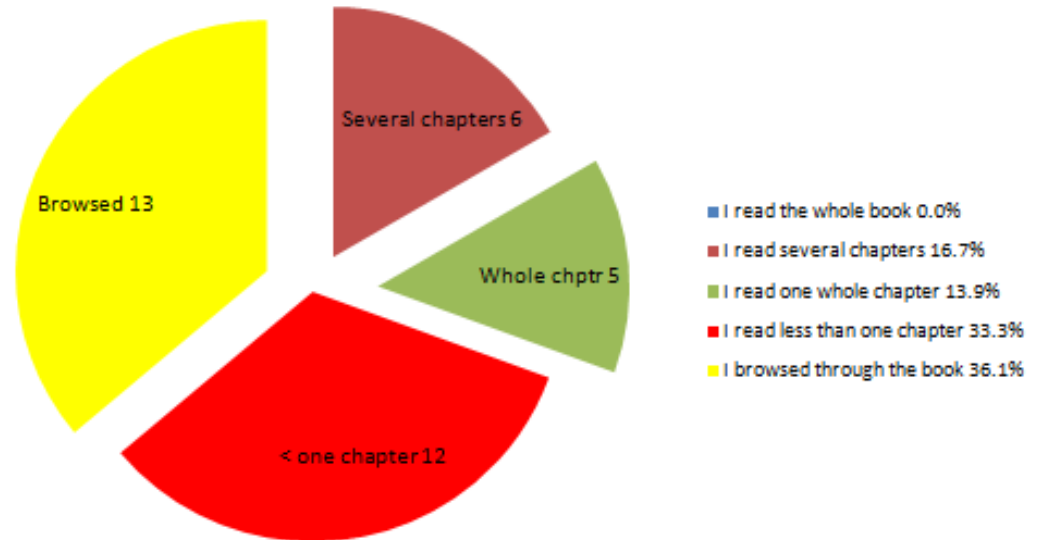

How much of that E-book did you read online in one sitting?

Graduate Students

Faculty

Do you recommend or actively encourage your students to read E-books?

Graduate Students

- Yes, e-books are on my reading lists or handouts 10.3%
- Yes, e-books are included as course reserve material 5.2%
- No 17.2%
- Not Applicable 63.8%
- Other (please specify) 3.4%

Faculty

- Yes, e-book are included in a Learning Management System (such as WebCT or Moodle) 5.6%
- Yes, e-book are on my reading lists or handouts 13.9%
- Yes, e-books are included as course reserve material 0.0%
- No 80.6%

Graduate Students: Features preferred in E-books

Faculty: Features preferred in E-books

Very Important & Important features: Desired by the academic community

Very Important features in e-books	% Graduate students	% Faculty
Ability for more than one student to use an e-book at the same time	70.2	72.2
Ability to email text	41.5	20.6
24/7 access	73.2	74.3
Off-campus access	78.9	80
Formatted citations in APA, MLA etc	31.4	25.8
Capability to print/download sections of content, such as chapter or page range	70.7	52.8
Copying and pasting	53.4	27.8
Downloading to laptop	53.6	47.2
Hyperlinks to citations in books or links to other books	41.1	30.3
Capability to search by series, such as "Lecture Notes in Computer Science"	41.1	40.6

Some comments...

- Very good collection
- Life saver for mature students
- More promotion of E-books required (posters, e-mail, brochures)
- Difficulty in finding the print button on the E-book page.
Interface issues
- DRM issues
- Solution/instructor manuals in electronic format desired
- More E-books in specific subjects: Comp Sci. and Engineering, Earth Sciences
