What a friend we have in mother,
When our lives are young and gay;
What a friend we have in mother,
When with age we're turning gray.
If misfortunes 'round us gather,
And our hearts feel deep despair;
What a friend we have in mother,
With her tender love and care.

What a friend we have in mother,
Every smile and tear to share;
What a friend we have in mother,
As she kneels in evening prayer.
All the world may turn against us,
Clouds of darkness everywhere;
What a friend we have in mother,
Love is always waiting there.
