This piece is without doubt the greatest instrumental success in recent years. "Moon Winks" has been universally adopted by music teachers, and from the present outlook will exceed in number of copies sold any piece of music ever published. It is destined to become a standard number, and will be played for years to come.

TWILIGHT
A REVERIE
By WILLIAM B. FASSBINDER

Since the popularity of Reveries began a few years ago there have been so many worthless compositions placed on the market that the deserved popularity of the Reveries with real merit has been in danger of losing its hold on the public. There is nothing more soothing and pleasing to the lover of music than a tuneful Reverie well played, and we think in "Twilight" we have an exceptionally fine number.

"TWILIGHT" is being adopted by leading music teachers all over the country, which is a very strong endorsement of the merits of this piece.

Love's Consolation
Meditation for Piano or Organ
By GEO. L. SPAULDING

This is without doubt the most beautiful musical composition of its kind since the famous Mendelssohn compositions, and from the enormous popularity of "Love's Consolation" it will be one of the standard pieces for years to come. "Love's Consolation" is a universal favorite with both teachers and pupils.
